

GREENHOUSE

CHEF FOR A DAY

Learn the art of cuisine in one of SA's leading kitchens

Renowned Cape Town Chefs, Peter Tempelhoff and Ashley Moss, of Greenhouse at The Cellars-Hohenort Hotel, are offering an opportunity for culinary enthusiasts or budding young chefs to become a CHEF FOR A DAY. The program will offer first-hand experience of being a chef followed by a dining experience in the Greenhouse restaurant.

The CHEF FOR A DAY will work a half or full day at the various food preparation stations, within the kitchen, assisting to prepare multiple award-winning dishes whilst learning professional skills and techniques. After a day of working, learning and observing, the CHEF FOR A DAY will dine in Greenhouse to experience either a 4-course lunch experience or the 12-course GREENHOUSE EXPERIENCE menu for dinner.

This program is ideal for friends or couples to spend quality time together honing their fine dining skills or for the young future chefs who would like to experience life in a professional kitchen, before making the commitment of a chef school.

Due to the highly personalised and hands on kitchen experience of CHEF FOR A DAY, there are only two spaces available per day over weekends (Friday & Saturday).

COST PER PERSON

R 1 600 Half day and R 2 400 Full day
Available between the months of July and December

BOOK IN ADVANCE
